

WASHINGTON – Congressman McCarthy introduced H.R. 1384 on March 7, 2007, and is currently working with his House colleagues for a vote on the bill on the House floor before the end of this month.

*“I am pleased that the companion bill to my legislation honoring Buck Owens has been introduced in the Senate,” said McCarthy. “I know that all three of us will work hard in our respective chambers in Congress to ensure that Buck gets the tribute he deserves.”*
